About Me

Motivated and passionate web developer with hands-on experience in creating responsive, interactive websites using HTML5, CSS3, JavaScript, and ReactJS. Skilled in building user-friendly interfaces and optimizing web performance. Familiar with version control systems and modern front-end workflows. Known for strong communication skills, a friendly attitude, and a collaborative spirit. Eager to contribute to innovative teams, with a strong willingness to learn and expand into full-stack development through continuous learning and real-world projects.

Professional Experience

Web Developer Intern

Aug 2023 – Nov 2024

Iviewsense private limited | chennai

- Designed and developed responsive user interfaces using HTML5, CSS3, JavaScript, and ReactJS with cross-browser compatibility.
- Built multiple mini web projects with focus on performance, accessibility, and UI/UX improvements.
- Collaborated in Agile teams, contributing to sprint planning, daily stand-ups, and code reviews.
- Used Git and GitHub for version control, code collaboration, and project deployment.
- Followed user-centered design principles to create intuitive and accessible web applications.
- Continuously explored new technologies aiming for full-stack development.

Web Developer Intern

June 2023 – July 2023

IDM Tech Park | Erode

- Developed foundational skills in HTML and CSS, enhancing understanding of core web development concepts.
- Executed small projects focusing on responsive design and layout techniques to master web page structure and styling.
- Acquired real-world insights into web development workflows, emphasizing clean and maintainable code practices.

Projects

Portfolio - [Deployment](#) | [Source code](#)

- Built a responsive personal website using **HTML, CSS, JavaScript, and GSAP** to showcase projects and skills with smooth animations and an interactive UI.

Yoga Learning website - [Deployment](#) | [Source code](#)

- Built an educational yoga website with interactive sections including asanas, gallery, and contact form to enhance user engagement using **HTML, CSS, JAVASCRIPT**.

Front Office Management Website

- Developed a **ReactJS**-based web app to digitize certificate requests and ID services, focusing on UI design, API integration, and user experience optimization.

Certifications

- The Front-End Web developer Bootcamp: HTML, CSS, JS & React, Udemy
- Core Python for Everyone, Udemy
- Javascript course, Great Learning
- Basics of Javascript, Guvi
